

# Guyana

8 – 23 February 2018

*Cover photo: Giant Anteater on the savanna near Caiman House, 18 Feb 2018.  
All photos in this trip report: Erling Jirle.*

**Participants:**

Bengt-Eric Sjölander, Erling Jirle, Nils Kjellén, Bengt Grandin, Calle Sjölund and Christian Cederroth.

**Tour leader:**

Leon Moore

**Tour Company:**

Ron Allcock Birding Tours – [www.birdingguyana.com](http://www.birdingguyana.com)

**Number of bird species on the trip:**

438 species (23 of them heard only) in 15 birding days.

**Bird taxonomy & systematics:**

We follow IOC version 8.1. The annotated trip list was generated through [www.igoterra.com](http://www.igoterra.com)

**Dip list:**

Crestless Curassow, Sharp-tailed Ibis, Hook-billed Kite, Mangrove Rail, Yellow-breasted Crake, Striped Owl, White-winged Potoo, Spot-tailed Nightjar, Streak-throated Hermit, Green-throated Mango, Ruby-topaz Hummingbird, Collared Puffbird, Lilac-tailed Parrotlet, Tepui Parrotlet, Spot-throated Woodcreeper, Red-billed Woodcreeper, Black-headed Antbird, Black-headed Antbird, Spot-backed Antbird, Yellow-crowned Elaenia, Olive-green Tyrannulet, Amazonian Scrub Flycatcher, Double-banded Pygmy Tyrant, Painted Tody-Flycatcher, Cinnamon-crested Spadebill, Pale-bellied Mourner, Crimson Fruitcrow, Saffron-crested Tyrant-Manakin, Plumbeous Euphonia, Masked Yellowthroat, Lesson's Seedeater and Red-and-black Grosbeak.

## *Trip diary by Erling Jirle*

### **8 Feb**

We arrived at Georgetown airport via Toronto and Trinidad and checked in at Status International Hotel after a 50 min drive from the airport into the city.

Two taxis took us to Georgetown Botanical Gardens for birding with our guide for the whole trip, the excellent birder Leon Moore. We birded in the gardens until dusk at 18:00 and saw species like Plain-bellied Hummingbird, Blood-colored Woodpecker (photo below) and Festive Amazon. We also fed an introduced American Manatee with grass!

### **9 Feb**

We took early morning taxis to Mahaica River where we made a boat trip on the river upstream for some kilometres and then returning after two hours. Birds seen were Hoatzin (photo below), Green-tailed Jacamar and Silvered Antbird. A flock of Guianan Red Howler Monkeys were photographed at close distance (photo above). Then we birded coastal mangrove remains at three locations; Hope Canal, Hope Beach and Victoria Seawall, where we saw Rufous Crab Hawk (photo below) and Bicolored Conebill.

## 10 Feb

Today we were supposed to fly to Kaitetur Falls, the highest freefalling waterfall in the world. It was very slow and complicated to load the small aircraft, we had 50 kilos too much weight, despite leaving all luggage bags for overland transportation. After leaving half of our hand luggage for another overland transportation to Iwokrama they finally let us board the aircraft. But after about an hour flight the pilot circled around for a while when he saw the heavy clouds and rain in the valley where the airstrip was, and then decided to skip the landing and fly directly to Iwokrama. This was disappointing since I looked forward to see the waterfall and some special birds there, like Roraiman Antbird and White-chinned Swift. But I later heard for some brits that you land *above* the waterfall and walk around there so you actually don't see the whole waterfall from beneath.

After another 30 minutes we landed at Iwokrama airstrip. There we met up with our two drivers with 4WD vehicles, one Nissan Pathfinder and one Datsun, that would take us round on the rest of the trip except the last day. The drivers were Trevor Thompson and Reinsford Allicock (cousin to Ron Allicock, who arranged the trip). We went directly to the lodge, the Iwokrama River Lodge (photos below) where most of our luggage had arrived, except the stuff we left at the airport, which arrived the next day because the ferry over Essequibo River is closed at night time. We made a one-hour forest trail at 16:30 for Capuchinbird and others, and at 17:45 an evening boat trip on the Essequibo River.

## 11 Feb

Today we made a boat trip upstream the river to the trailhead of the Turtle Mountain Trail, which took most of the day to walk, up on a peak with nesting Orange-breasted Falcons (photo below) and then down again on a steep trail with handrails. The highlight along the trail was two Rufous-winged Ground Cuckoos at close range. When we came down from the mountain during a shower a late lunch was waiting for us in a field centre shelter. Very good service. Birds seen were Chestnut-rumped

Woodcreeper, Pompadour Cotinga and Golden-sided Euphonia. Second night at Iwokrama River Lodge.

## 12 Feb

The morning was spent on driving and birding along the road towards Atta. We stopped at a white sand forest and walked a short loop. Also, some roadside birding further on with a big flock of Grey-winged Trumpeter passing over the road. Other birds were Spotted Puffbird, Caica Parrot, Guianan

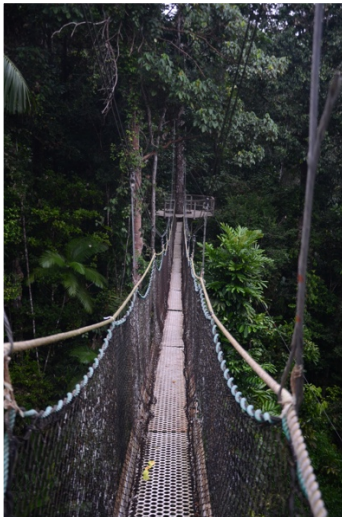

Woodcreeper (a recent split from Lineated), Spot-tailed Antwren, Southern White-fringed Antwren and Cinnamon Neopipo.

Atta Rainforest Lodge is a very nice lodge in the rainforest with excellent indoor and outdoor sofas to sit in and watch all the birds passing through the glade in which the lodge is situated. Best lodge on the trip. We saw Racket-tailed Coquette and Black-throated Antshrike.

### 13 Feb

In the morning we started with visiting the canopy walkway, with three hanging walkways high up in the trees, including three platforms (photos below). We also walked the trail under the walkways. Birds seen in this area include Spotted Antpitta and Yellow-throated Flycatcher. Guianan Tyrannulet was heard. Then we spend some time in the lodge area including lunch and in late afternoon went to another white sand forest where we saw Bronzy Jacamar and at the roadside Blue-backed Tanager.

## 14 Feb

Today we continued southwards on the main road towards Surama and made the first stop at the Cock-of-the-Rock trail, where we saw some males and a female at nest. Then we drove further south on the main road through Guyana, a narrow gravel road with many small bridges and hollows. At 16:00 we arrived at Surama Eco-Lodge, a rather worn-down lodge, but as most times on the trip the food was good. We did some birding in the surroundings and saw among other birds White-throated Kingbird. We

also tried in three different spots on a grassy area to lure the tricky Ocellated Crake to come to the loudspeaker, on the third try some of us got a glimpse of one crossing an opening in the grass. Finally, we did a nightjar walk with flashlights.

## 15 Feb

Early morning birding in the Iwokrama forest along the Harpy Trail. It took 45 minutes to reach the nest, but the juvenile there was fledged, so we didn't see any eagle. But we saw Yellow-billed Jacamar along the trail. Then in the afternoon we did a visit to a private garden with lots of *Lantana* flowers, where we saw Tufted Coquette (photos below). Then we drove and walked along the main road. We nearly run over an Aesculapian False Coral Snake and also saw two jaguars crossing the road at distance.

## 16 Feb

Today we walked the Burro Burro River Trail, one of the best trails of the trip, with plenty of birds all the time, like Awlbill, Dusky Purpletuft, Amazonian Antshrike and Grey-crowned Flatbill. But as usual on this trip we had rain showers. Luckily, we found shelter at a field station during the worst shower. Leon said it was unusually much rain being February, this was probably one of the reasons we missed several target species.

On the way back, we had an army ant swarm with some followers, like Rufous-throated Antbird and a glimpse of a White-plumed Antbird. Only Leon saw a Red-billed Woodcreeper.

## 17 Feb

Today we drove to Caiman Lodge in the village Yupukari, about 20 km west of the main road. Situated by a river with several oxbow lakes, which we visited in the late afternoon. There we got excellent observations of three species of nighthawks; Least, Lesser and Band-tailed. Today's highlights along the main road was Marail Guan and Guianan Red Cotinga. We also saw two species of Goldenthrout; White-tailed and Green-tailed and Finsch's Euphonia. But no Crimson Fruitcrow – despite Leon calling for it a lot during the trip.

## 18 Feb

Early morning drive to the dry savanna some kilometres from the lodge. We walked around a marsh with plenty of Crested Doradito, one Bearded Tachuri and also flushed both Giant Snipe and South American Snipe. Then we enjoyed a nice packed breakfast by the cars.

We had a scout send out on a motorbike looking for mammals, especially anteaters, and he had found one sleeping tamandua in a tree which we watched first, but on the way to "his" sleeping anteater we saw one Giant Anteater walking around which allowed photos from 10 metres, downwind (see the cover photo). Anteaters have bad eyesight, but good senses of smelling and hearing. What an incredibly weird animal! Back at the lodge we had a several hour-long siesta since it was fairly hot – I took the opportunity to improve my tan while the others took a nap.

In the late afternoon we made a boat trip on Rupununi River and visited an oxbow lake, looking for Crestless Curassow.

## 19 Feb

Early morning start from Caiman House via dry savanna to Karasabai Village, a distant border village perched between the northern Rupununi Savannas and

Pakaraima Mountains along the Brazilian border. We first drove and walked in a valley with trees and bushes and directly got a flock of Sun Parakeet, our target species (photo to the left). Then we walked a trail in another valley with farmland with cassava and pecan nut trees and saw several more flocks of parakeets, in total we saw around 30. One flock was bathing in a big tree with a hole filled with sap.

In the afternoon we walked along the Ireng River with a high steep brink, and Brazil at the opposite side.

Night at the very simple Karasabai Governmental Guest House, with good food.

## 20 Feb

After breakfast drive to Manari Ranch, 15 minutes outside the border city Lethem. We saw the third Giant Anteater of the trip today, at the roadside.

The drive took three hours, with stops for birding at a lake and a big rice field. It was very hot today, +36°C. Only second day on the trip without any rain. Chrille and I went in with one car to Lethem for some shopping and internet connection. After lunch and some relaxing we made a walk in the surroundings between 16:00 and 18:00. The ranch didn't serve any beer – rather surprising.

## 21 Feb

Very early morning start from the ranch, with two other 4WD vehicles than the usual ones. It took three hours to reach Sand Creek area, where we spend almost all day at a spring looking for Red Siskin coming down to drink. Siskins were spotted several times flying in the forest on the hillsides, but none came down to drink. This was the first time this had happened to Leon ever! We tried two other springs as well, but in vain. It was disappointing not to see the endangered bird well, only glimpses. This day trip was an extra extension which is normally not included in the standard tour in Guyana. In late afternoon we stopped for lunch at a guest house, and then a quick stop in a forest at the roadside where Leon had a stake out for Pale-bellied Tyrant-Manakin. Then some kilometres later one of the vehicles got problems with one back wheel, so we had to send the other vehicle back to fetch a mechanic and a replacement car. But in the meantime, we saw several Least Nighthawk and one Nacunda, which happened to be species no. 5000 for Chrille – we celebrated with cooled white wine in the middle of the road in the dark – in the absence of champagne. We finally arrived at Manari Ranch 11 p.m. where the dinner was waiting.

## 22 Feb

Our flight to Georgetown from Lethem Airport wasn't until 15:00, so we had plenty of time the whole morning to look for birds in a number of ponds – like Sharp-tailed Ibis – which we didn't see. But Bengt-Eric were extremely happy when we spotted a flock of Masked Duck. Finally, he got this species on his duck list. We also saw Hoary-throated Spinetail, Rio Branco Antbird and White-bellied Piculet. This taxon has several different forms in Guyana which are not fully resolved.

In the late afternoon we flew with a Beechcraft propeller plane to Georgetown, where people were warming up for the carnival, starting the day after. At the hotel we were invited by a Guianan guy, now living in Bronx since many years, and his friends, to share booze he had brought from the US; 10 big bottles with vodka, tequila, rum etc.

## 23 Feb

Transport to the airport with three taxis arranged by Ron Allicock's efficient minder – Frances.

We flew via Trinidad to Toronto with Caribbean Airlines. Four of us stayed overnight at Hilton Airport Hotel and did some birding the day after, at Claireville Conservation Area, before flying home in the evening with Air Canada.

## TRIP LIST

### BIRDS

- 1 **Grey Tinamou** *Tinamus tao septentrionalis*  
1 heard Atta to Surama road 17.2
- 2 **Great Tinamou** *Tinamus major major*  
1 heard Surama Eco-Lodge 14.2, 2 heard Atta to Surama road 15.2 and 2 Surama : Burro Burro trail 16.2
- 3 **Cinereous Tinamou** *Crypturellus cinereus*  
2 heard Iwokrama Road to Atta 13.2, 2 heard Surama Eco-Lodge 14.2 and 2 heard Surama: Burro Burro trail 16.2
- 4 **Undulated Tinamou** *Crypturellus undulatus simplex*  
2 heard Caiman House 17.2
- 5 **Red-legged Tinamou** *Crypturellus erythropus erythropus*  
2 heard Iwokrama Road to Atta 13.2 and 1+1 heard Surama : Burro Burro trail 16.2
- 6 **Variigated Tinamou** *Crypturellus variegatus*  
2 heard Iwokrama River Lodge 10.2, 2 heard Atta Rainforest Lodge 12.2, 2 heard Atta Rainforest Lodge 13.2 and 1 heard Atta Rainforest Lodge 14.2
- 7 **White-faced Whistling Duck** *Dendrocygna viduata*  
350 Ireng River 22.2
- 8 **Black-bellied Whistling Duck** *Dendrocygna autumnalis autumnalis*  
3 Ireng River 22.2
- 9 **Muscovy Duck** *Cairina moschata*  
1 Essequibo River 11.2, 6 Rupununi river 18.2, 3 Karasabai to Manari Ranch 20.2, 30 Manari ranch 20.2 and 10 Ireng River 22.2
- 10 **Masked Duck** *Nomonyx dominicus*  
8 Ireng River 22.2
- 11 **Little Chachalaca** *Ortalis motmot*  
1 heard Iwokrama River Lodge 10.2, 1 heard Iwokrama River Lodge 11.2, 1 heard Iwokrama River Lodge 12.2, 1 heard Iwokrama Road to Atta 13.2, 1 heard Atta Rainforest Lodge 14.2, 2 Atta to Surama road 15.2, 1 heard Surama Eco-Lodge 15.2, 1 heard Surama Eco-Lodge 16.2 and 2 Atta to Surama road 17.2
- 12 **Marail Guan** *Penelope marail marail*  
2 Atta to Surama road 17.2

- 13 **Spix's Guan** *Penelope jacquacu granti*  
2 Essequibo River 11.2, 2 Iwokrama Road to Atta 13.2, 2 Atta Rainforest Lodge 13.2, 3 Atta to Surama road 15.2 and 1 heard Surama Eco-Lodge 16.2
- 14 **Black Curassow** *Crax alector alector*  
4 Iwokrama Road to Atta 12.2, 1 Atta Rainforest Lodge 12.2, 8 Atta Rainforest Lodge 13.2, 3 Atta Rainforest Lodge 14.2, 3+3 heard Atta to Surama road 15.2, 4 Atta to Surama road 17.2 and 3 Rupununi river 18.2
- 15 **Crested Bobwhite** *Colinus cristatus sonnini*  
20 Surama to Caiman House 17.2, 10 Surama to Caiman House 18.2, 10 Caiman House to Karasabai 19.2, 20 Karasabai to Manari Ranch 20.2, 25 Sand Creek area 21.2 and 1 Ireng River 22.2
- 16 **Least Grebe** *Tachybaptus dominicus brachyrhynchus*  
50 Ireng River 22.2
- 17 **Pied-billed Grebe** *Podilymbus podiceps antarcticus*  
1 Karasabai to Manari Ranch 20.2 and 10 Ireng River 22.2
- 18 **Wood Stork** *Mycteria americana*  
50 Caiman House 17.2, 5 Surama to Caiman House 18.2 and 2 Ireng River 22.2
- 19 **Maguari Stork** *Ciconia maguari*  
6 Mahaica River - Upper 9.2, 4 Surama to Caiman House 17.2, 26 Caiman House to Karasabai 19.2, 10 Karasabai to Manari Ranch 20.2 and 3 Ireng River 22.2
- 20 **Jabiru** *Jabiru mycteria*  
1 Atta to Surama road 14.2, 5 Surama to Caiman House 17.2, 5 Surama to Caiman House 18.2, 5 Rupununi river 18.2, 3 Caiman House to Karasabai 19.2, 1 Karasabai Village 19.2, 1 Karasabai to Manari Ranch 20.2, 2 Sand Creek area 21.2 and 2 Ireng River 22.2
- 21 **Buff-necked Ibis** *Theristicus caudatus caudatus*  
4 Surama to Caiman House 17.2, 8 Caiman House to Karasabai 19.2, 50 Karasabai to Manari Ranch 20.2, 20 Sand Creek area 21.2 and 30 Ireng River 22.2
- 22 **Green Ibis** *Mesembrinibis cayennensis*  
2 Essequibo River 11.2, 1 Surama Eco-Lodge 14.2, 1 Surama : Burro Burro trail 16.2, 2 Caiman House 17.2, 1 Atta to Surama road 17.2, 2 Surama to Caiman House 18.2, 2 Surama to Caiman House 18.2, 1 Surama to Caiman House 18.2 and 1 Sand Creek area 21.2
- 23 **Scarlet Ibis** *Eudocimus ruber*  
4 Victoria 9.2
- 24 **Rufescent Tiger Heron** *Tigrisoma lineatum lineatum*  
1 Iwokrama River Lodge 10.2, 1 Essequibo River 11.2, 1 Atta to Surama road 14.2 and 1 Surama Eco-Lodge 14.2
- 25 **Boat-billed Heron** *Cochlearius cochlearius cochlearius*  
1 Atta Rainforest Lodge 12.2 and 10 Rupununi river 18.2
- 26 **Pinnated Bittern** *Botaurus pinnatus pinnatus*  
2 Surama to Caiman House 18.2, 1 Caiman House to Karasabai 19.2, 1 Karasabai to Manari Ranch 20.2 and 1 Ireng River 22.2
- 27 **Black-crowned Night Heron** *Nycticorax nycticorax hoactli*  
10 Mahaica River - Upper 9.2, 1 Georgetown waterfront 10.2 and 1 juvenile Ireng River 22.2
- 28 **Yellow-crowned Night Heron** *Nyctanassa violacea cayennensis*  
10 Georgetown waterfront 10.2

- 29 **Striated Heron** *Butorides striata striata*  
5 Georgetown Botanical Gardens 8.2, 10 Mahaica River - Upper 9.2, 8 Status International Hotel, Georgetown 10.2, 3 Caiman House 17.2, 1 Surama to Caiman House 18.2, 1 Karasabai to Manari Ranch 20.2, 1 Sand Creek area 21.2 and 5 Ireng River 22.2
- 30 **Western Cattle Egret** *Bubulcus ibis*  
1 Rupununi river 18.2 and 10 Karasabai to Manari Ranch 20.2. Observed 5 days in total
- 31 **Cocoi Heron** *Ardea cocoi*  
3 Mahaica River - Upper 9.2, 2 Essequibo River 11.2, 2 Surama to Caiman House 17.2, 2 Surama to Caiman House 18.2, 3 Caiman House 17.2, 8 Rupununi river 18.2, 5 Caiman House to Karasabai 19.2 and 3 Ireng River 22.2
- 32 **Great Egret** *Ardea alba egretta*  
50 Georgetown Botanical Gardens 8.2, 20 Surama to Caiman House 17.2, 5 Surama to Caiman House 18.2, 5 Rupununi river 18.2, 30 Caiman House to Karasabai 19.2, 15 Karasabai to Manari Ranch 20.2, 10 Sand Creek area 21.2 and 20 Ireng River 22.2. Observed 9 days in total
- 33 **Capped Heron** *Pilherodius pileatus*  
1 Essequibo River 11.2
- 34 **Tricolored Heron** *Egretta tricolor tricolor*  
1 Georgetown Botanical Gardens 8.2, 2 Hope Canal 9.2, 3 Victoria 9.2, 2 Georgetown waterfront 10.2 and 2 Iwokrama River Lodge 10.2
- 35 **Little Blue Heron** *Egretta caerulea*  
1 Georgetown waterfront 10.2, 5 Surama to Caiman House 18.2, 25 Rupununi river 18.2 and 3 Karasabai to Manari Ranch 20.2
- 36 **Snowy Egret** *Egretta thula thula*  
10 Surama to Caiman House 18.2, 10 Rupununi river 18.2 and 10 Karasabai to Manari Ranch 20.2. Observed 5 days in total
- 37 **Brown Pelican** *Pelecanus occidentalis*  
6 Georgetown waterfront 10.2
- 38 **Magnificent Frigatebird** *Fregata magnificens*  
25 Victoria 9.2 and 2 Georgetown waterfront 10.2
- 39 **Neotropic Cormorant** *Phalacrocorax brasilianus brasilianus*  
2 Iwokrama River Lodge 10.2, 2 Iwokrama River Lodge 11.2 and 7 Rupununi river 18.2
- 40 **Anhinga** *Anhinga anhinga anhinga*  
2 Essequibo River 11.2, 1 Rupununi river 18.2 and 1 Karasabai to Manari Ranch 20.2
- 41 **Turkey Vulture** *Cathartes aura ruficollis*  
Fairly Common Surama to Caiman House 17.2, Fairly Common Surama to Caiman House 18.2 and Fairly Common Caiman House 17.2. Observed 7 days in total
- 42 **Lesser Yellow-headed Vulture** *Cathartes burrovianus urubutinga*  
5 Mahaica River - Upper 9.2 and 5 Sand Creek area 21.2
- 43 **Greater Yellow-headed Vulture** *Cathartes melambrotus*  
3 Iwokrama River Lodge 10.2, 8 Essequibo River 11.2, 2 Iwokrama - Turtle Mountain 11.2, 2 Iwokrama Road to Atta 13.2, 8 Atta Rainforest Lodge 13.2, 10 Atta to Surama road 15.2, 5 Surama : Burro Burro trail 16.2 and 2 Atta to Surama road 17.2. Observed 7 days in total

- 44 **Black Vulture** *Coragyps atratus*  
2 Atta Rainforest Lodge 13.2, 20 Surama Eco-Lodge 14.2, 10 Surama Eco-Lodge 15.2, 30 Surama Eco-Lodge 16.2, 10 Atta to Surama road 15.2 and Fairly Common Surama to Caiman House 18.2. Observed 13 days in total
- 45 **King Vulture** *Sarcoramphus papa*  
2 Atta Rainforest Lodge 13.2, 2 Atta to Surama road 14.2, 3 Atta to Surama road 15.2, 1 Surama Eco-Lodge 14.2, 1 Surama : Burro Burro trail 16.2 and 1 Sand Creek area 21.2
- 46 **Western Osprey** *Pandion haliaetus carolinensis*  
2 Georgetown Botanical Gardens 8.2, 1 Mahaica River - Upper 9.2, 1 Essequibo River 11.2, 1 Iwokrama Road to Atta 13.2, 1 Caiman House 17.2, 1 Surama to Caiman House 18.2, 1 Rupununi river 18.2 and 2 Karasabai to Manari Ranch 20.2
- 47 **White-tailed Kite** *Elanus leucurus leucurus*  
2 Surama to Caiman House 17.2, 8 Caiman House to Karasabai 19.2, 1 Karasabai to Manari Ranch 20.2 and 2 Ireng River 22.2
- 48 **Pearl Kite** *Gampsonyx swainsonii leonae*  
1 Atta to Surama road 15.2
- 49 **Grey-headed Kite** *Leptodon cayanensis cayanensis*  
1 Surama : Burro Burro trail 16.2
- 50 **Swallow-tailed Kite** *Elanoides forficatus*  
3 Essequibo River 11.2, 3 Iwokrama - Turtle Mountain 11.2, 3 Iwokrama Road to Atta 12.2, 3 Atta Rainforest Lodge 13.2, 5 Atta to Surama road 14.2, 5 Atta to Surama road 15.2, 5 Atta to Surama road 17.2 and 1 Surama to Caiman House 18.2
- 51 **Black Hawk-Eagle** *Spizaetus tyrannus serus*  
1 Hope Canal 9.2
- 52 **Black-and-white Hawk-Eagle** *Spizaetus melanoleucus*  
1 Atta to Surama road 15.2
- 53 **Double-toothed Kite** *Harpagus bidentatus bidentatus*  
1 Iwokrama Road to Atta 12.2, 3 Atta to Surama road 14.2, 1 Atta to Surama road 15.2, 1 Surama : Burro Burro trail 16.2, 1 Atta to Surama road 17.2 and 1 Karasabai Village 19.2
- 54 **Grey-bellied Hawk** *Accipiter poliogaster*  
1 Iwokrama Road to Atta 12.2
- 55 **Long-winged Harrier** *Circus buffoni*  
8 Mahaica River - Upper 9.2
- 56 **Plumbeous Kite** *Ictinia plumbea*  
1 Essequibo River 11.2, 4 Iwokrama Road to Atta 12.2, 10 Iwokrama Road to Atta 13.2, 3 Atta Rainforest Lodge 13.2, 15 Atta to Surama road 15.2, 5 Surama : Burro Burro trail 16.2, 4 Surama to Caiman House 17.2, 3 Atta to Surama road 17.2, 1 Karasabai Village 19.2 and 2 Sand Creek area 21.2. Observed 9 days in total
- 57 **Black-collared Hawk** *Busarellus nigricollis nigricollis*  
3 Georgetown Botanical Gardens 8.2, 2 en route 9.2, 2 Caiman House 17.2, 1 Surama to Caiman House 18.2, 1 Rupununi river 18.2 and 2 Ireng River 22.2
- 58 **Snail Kite** *Rostrhamus sociabilis sociabilis*  
3 Georgetown waterfront 10.2, 1 Karasabai Village 19.2 and 2 Karasabai to Manari Ranch 20.2. Observed 5 days in total
- 59 **Crane Hawk** *Geranospiza caerulescens caerulescens*  
1 Caiman House 17.2 and 1 Atta to Surama road 17.2

- 60 **Rufous Crab Hawk** *Buteogallus aequinoctialis*  
1 Hope Canal 9.2 and 2 Victoria 9.2
- 61 **Savanna Hawk** *Buteogallus meridionalis*  
1 Mahaica River - Upper 9.2, 2 Surama Eco-Lodge 14.2, 1 Surama Eco-Lodge 15.2, 3 Surama to Caiman House 17.2, 2 Surama to Caiman House 18.2, 2 Caiman House 17.2, 4 Caiman House to Karasabai 19.2, 3 Karasabai Village 19.2, 10 Karasabai to Manari Ranch 20.2, 15 Sand Creek area 21.2 and 5 Ireng River 22.2
- 62 **Great Black Hawk** *Buteogallus urubitinga urubitinga*  
2 Mahaica River - Upper 9.2, 1 Iwokrama Road to Atta 13.2, 2 Atta to Surama road 14.2, 1 Surama : Burro Burro trail 16.2, 1 Surama to Caiman House 17.2, 1 Caiman House 17.2, 1 Caiman House to Karasabai 19.2 and 1 Karasabai to Manari Ranch 20.2
- 63 **Roadside Hawk** *Rupornis magnirostris magnirostris*  
1 Hope Canal 9.2, 2 Victoria 9.2, 2 Surama to Caiman House 17.2 and 1 Karasabai Village 19.2. Observed 4 days in total
- 64 **White-tailed Hawk** *Geranoaetus albicaudatus colonus*
